DELIVERING INSPIRATION FOR YOUR KITCHEN

# OUR HISTORY

The Carron Phoenix story began in 1759 when the Carron Iron Company was founded near the town of Falkirk in Central Scotland.

FALKIRK WHEEL & VISITORS CENTRE

Famed for the manufacture of the iconic red telephone boxes and pillar boxes still in use throughout the UK today, the Carron Iron Company was considered to be the centre of the industrial revolution in Scotland and quickly became the largest iron works in Europe.

Moving forward more than 250 years Carron Phoenix is now one of the leading manufacturers of kitchen sinks in the UK. Our sink design philosophy means that we do not compromise between stylish good looks and practicality.

Whether Granite, Stainless Steel or Ceramic, all of our sinks are guaranteed for a lifetime, so you can be confident that they are of exceptional quality and are made to last.

To complement the perfect sink, our extensive range of taps, accessories and waste management systems, gives you an all-round solution for getting the most from your kitchen sink space.

*Carron Phoenix manufactures products that are beautiful to look at and excellent to work with.*

Two year guarantee for accessories

Two year guarantee on instant boiling water taps

Five year guarantee for standard taps

Lifetime guarantee for sinks

# Carron Phoenix Sink & Tap Packs

## CHOICE OF MATERIALS

The sinks and taps in our value packs have been selected from our most popular ranges to offer you generous savings against individual retail prices.

Our kitchen sinks are available in a range of materials to suit your particular requirements and design preferences. Whichever material you choose, you can rest assured that your Carron Phoenix sink is manufactured to the highest standards.

### Stainless Steel

An established favourite, stainless steel sinks are practical, hard-wearing and easy to clean.

### Synthetic

Using a newly-developed proprietary coating, our synthetic sinks offer excellent heat, shock and impact resistance at a value-for-money price level.

### Ceramic

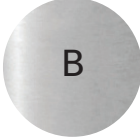

Whether your kitchen design is traditional or contemporary, the lustre of a fine-fireclay ceramic sink will add a touch of elegance.

## CHOICE OF COLOURS

Our sinks come in a choice of classic and contemporary neutrals, that offer superb design scope for combining with a wide range of work surface materials.

**New  
Reduced  
RRP!**

**PRICE RRP  
£899**

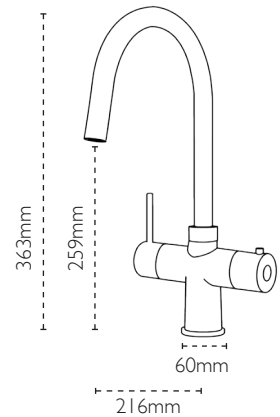

CARRON PHOENIX SINK & TAP PACKS

CH

## TAP DIMENSIONS

Tap Height: 363mm  
 Base Width: 60mm  
 eight: 259mm  
 each: 216mm  
 Chrome

**HIGH  
PRESSURE**

This tap and tank comes with a 2 year guarantee.

The Seraphina 3-in-1 boiling water tap provides instant boiling water (100°C) at the touch of a button. Seraphina provides normal hot and cold water as well as boiling water, all from the same unit.

Why waste electricity and water when boiling the kettle when you can have instant boiling water for making coffee, tea or for cooking on tap?

Seraphina incorporates a water conditioning filter, ensuring your boiling water is free from sediment, odour

and any unwanted particles. Seraphina requires the activation of a safety button to operate the boiling water function, ensuring the safety of users.

In addition to the tap and the filter, the Seraphina system includes a 4.7 litre heating tank which can be situated horizontally or vertically behind a standard 150mm high cabinet plinth. This unique feature frees up the cabinet space underneath the sink for a very practical solution.

# CARRONADE ELITE WASTE DISPOSAL UNITS

Waste disposal units are very easily installed with the current plumbing under your sink and are easy to operate.

Our premium specification products are sound insulated for a quiet operation, are septic safe and incredibly efficient. Carronade Elite waste disposal units are suitable for every day use. Food is fed into the disposer as it operates. On/off control is operated by a separate air switch which is supplied.
